# GIANLUIGI LIGUORI

SOFTWARE DEVELOPER

Phone: 389 6403200 / Email: gianluigiliguori@live.it

Summary

Full stack web (and not only) developer, with solid back-end attitudes. I love clean and good code. I always care about performances and software engineering. Versatile programmer, I worked for small and big customers using different languages and technologies for Line of Business Application back-end (VB.NET, C#, PHP, Java) and Web front-end (JavaScript, Html, CSS). I constantly follow and experiment modern web and mobile trends to offer professional consulting.

Education and training

2003 - 2008	**High School Diploma:** Computer Science obtained at Technical Institute "C.A. Dalla Chiesa" in Afragola (NA) with a final vote of 96/100
2010 – today (stopped)	**University:** Degree in Computer Science – University of Naples "Parthenope" (in progress but stopped for now)
